OUR THANKSGIVING

PRESIDENT WILSON CALLS ON NATION TO SHOW GRATITUDE

HAVE SPECIAL REASON

With Relief From Strain and Tragedy of War Has Come the Great Triumph of Right.

Washington, Nov. 18. — President Wilson in a proclamation has designated Thursday, November 28, as Thanksgiving day and said this year the American people have special and moving cause to be grateful and rejoice. Complete victory, he said has brought not only peace, but the confident promise of a new day as well, in which "justice shall replace force and jealous intrigue among the nations."

The proclamation follows:

(Thanksgiving 1918)

"By the President of the United States of America.

"A Proclamation.

"It has long been our custom to turn in the autumn of the year in praise and thanksgiving to Almighty God for His many blessings and mercies to us as a nation. This year we have special and moving cause to be grateful and to rejoice. God has in His good pleasure given us peace. It has not come as a mere cessation of arms, a mere relief from the strain and tragedy of war. It has come as a great triumph of right. Complete victory has brought us, not peace alone, but the confident promise of a new day as well, in which justice shall replace force and jealous intrigue among the nations. Our gallant armies have participated in a triumph which is not marred or strained by another purpose of selfish aggression. In a righteous cause they have won immortal glory and have nobly served their nation in serving mankind. God has indeed been gracious. We have cause for such rejoicing as revives and strengthens in us all the best traditions of our national history. A new day shines about us in which our hearts take new courage and look forward with new hope to new and greater duties.

Seek Divine Guidance.

"While we render thanks for these things, let us not forget to seek the divine guidance in the performance of those duties and divine mercy and forgiveness for all errors of acts or purpose, and pray that in all that we do we shall strengthen the ties of friendship and mutual respect upon which we must assist to build the new structure of peace and good will among nations.

"Therefore, I, Woodrow Wilson, president of the United States of America, do hereby designate Thursday, the twenty-eighth day of November, next as a day of thanksgiving and prayer, and invite the people throughout the land to cease upon that day from their ordinary occupations and in their several homes and places of worship to render thanks to God, the ruler of nations.

"In witness whereof, I have hereunto set my hand and caused the seal of the United States to be affixed

"Done in the District of Columbia, this sixteenth day of November, in the year of our Lord, one thousand nine hundred and eighteen, and of the independence of the United States of America, the one hundred and forty-third.

"WOODROW WILSON."

By the president: Robert Lansing, Secretary of State."

Car Belonging to R. M. Barber of Burlington Junction, Found in Omaha.

The automobile stolen from Robert M. Barber of Burlington Junction, has been recovered, having been found in an Omaha garage. Mr. Barber went to Omaha Saturday and identified the car. The automobile was traced through an automobile insurance agency and word was sent to Sheriff John F. Dowden who sent Deputy Leo Atherton to accompany Mr. Barber to identify it. The car was in possession of an Omaha resident who showed a bill of sale, the purchase having been made from a man in Kansas City. The buyer agreed to return the car to Mr. Barber without a contest. The car was stolen from the Barber garage last December.

Miss Katherine Vaughn spent the week end at Burlington Junction visiting her sister, Mrs. Thomas Tobin and family.

He is survived by his wife, to whom he was married 39 years ago, and two children, Mrs. Jesse Milward and Frank Hooper of Maryville. He is also survived by four grandchildren. They are Paul, Eva and Eldon Milward and Dorothy Hooper. A sister of the deceased, Mrs. A. Osborn, living in St. Louis is very ill and unable to come to her brother's funeral.

CASUALTIES COME FAST NOW

Gen. Pershing Is Rushing Names to War Department Uncoded.—A Considerable List Is Expected.

With references to casualties in the A. Expeditionary Forces Gen. March cabled General Pershing to report in plain English and not in code, so as to save time, the name of every man killed, wounded and missing up to the time of the armistice not hitherto reported. I have had an answer this morning saying he would expedite the lists, said Gen. March.

Casualty lists not hitherto reported are now beginning to pour into the War Department. General Pershing is sending the names, uncoded and eight hundred clerks, compared with a former force of one hundred, are now checking and tabulating the last reports.

The Nation must be prepared for a considerable list now.

More than seventy-five thousand casualties had been reported this week, but taking the number of slightly wounded, and the heavy lists in the last days' fighting on the American front, the figures are destined to be large.

SEES BROTHER KILLED

Five Duncan Soldiers Known Here.—Sanford Is Nephew of Mrs. Benjamin Foster.

The career of "The Five Duncan Soldiers," as the Duncan brothers and cousin, living at Dearborn have been called since their entrance into the army, has been watched with interest by many people in this section who are acquainted with the family.

The casualty list of last week carries the name of Sergeant Charles M. Duncan, who was killed in the battle of the Argonne Forest on Sept. 28. A cousin, Sanford Duncan was severely wounded by shell fire and is now in base hospital No. 15. The same shell that injured Sanford, killed his cousin, Maynard Duncan. The five boys were fighting side by side and Everett, a brother of Maynard, was just behind the latter when he fell mortally wounded.

Corporal Sanford Duncan is a son of Mr. and Mrs. J. Sterling Duncan of Dearborn ,and a nephew of Mrs. Benj. Foster, formerly Mrs. Mecca Moore of Maryville, and is known to many in this city. Sanford, with his four cousins, Everett, Maynard, Robert and Ben Duncan, were all with the 139th infantry, 35th division.

Sanford has been in service on the Mexican border. Just previous to their departure for France Mr. and Mrs. J. Sterling Duncan, gave a large reception for the five soldiers which was attended by 250 friends from throughout the northwest section.

NORMAL 0-TARKS 45

BADLY CRIPPLED TEAM WAS RESPONSIBLE FOR DEFEAT

TARKS HAD EASY GAME

Next Game Scheduled with Fulton on Next Saturday.—Pickens Will Not Be Seen in Line-up Again.

With three of their regulars out of the game and the eleven "padded" with subs and practically new players the Normals lost to Tarkio in their game there Saturday afternoon by the one-sided score of 45-0. The Normals with their pieced-out team were unable to withstand the Tarks, but did their best. They were penalized three times in the first quarter for a total of forty-five yards and after that were never in sight of the goal. Griffin, Bartram and Webber, regulars, were not able to take part in the game. The Normals started out with plenty of pep and held the Tarks down to 13-0 when the end of the first half was called. The second half was a different story and the Tarks walked away with bacon.

The Normal line-up was as follows: Seleeman, center; Long, guard; Glass, right guard; Carlton, right tackle; Miles, left tackle; aFrris, right end, with Ward substituting; Evans, left end; Pickens, quarter back, with Lewis substituting; Daniels, full back, with Putnam substituting; Brown, right half; Shelby, left half.

Pickens will not be seen again in the Normal line-up, having accepted a position as teacher in the Hopkins public schools.

If the vaccine and serum "shots" do not put the boys out of commission during the week a game at Fulton is scheduled for next Saturday. Coach Sims says that if sickness does not develop from the treatment some hard practice will be had this week in preparation for the coming game.

M. H. S.-FULTON GAME FRIDAY

Coach Ziegler's Men Are Practising for What They Expect To Be the Hardest Game of the Season.

With a game scheduled next Friday with the Fulton high school eleven the M. H. S. gridiron team is putting in some hard practise in anticipation of the hardest scrimmage of the season, but with a clean score to uphold the Fultonites are going to have some hard little job in taking any part of the game home with them.

With a "batting average" of 1.000 per cent—three straight victories—Coach Ziegler and the members of the team believe they are entitled to better support than they have received. It will cost approximately $80 to get the Fulton team here and the M. H. S. football fund is already in the red, so its up to the fans to turn out in full force next Friday afternoon and help the boys from the side lines put over another win. The bigger the crowd the more encouragement for the team, and Maryville likes a winner too well to do otherwise than pack the field.

NODAWAY OVER THE TOP AND THEN SOME

WITH ORIGINAL QUOTA OF $31,000, THE UNITED WAR WORK FUND REACHES $50,000.

FIRST COUNTY IN THE STATE TO REPORT OVER

Jefferson Twp. Gets Honor of First Place with Monroe Second.—D. R. Baker and J. D. Montgomery Entitled to First Team Honors.

Nodaway county has gone over the top and then some in the United War Work Fund drive and is the first county in the state to report having reached the goal.

The county as a whole has apparently subscribed somewhere between $48,-000.00 and $50,000.00. The county's original quota was $31,000.00 and later it was requested by the officials that a goal of 50 per cent above this be set. This made the goal of the county $46,-500.00, so that Nodaway county has exceeded its quota by more than 50 per cent, and has gone beyond its goal. Every township in the county has exceeded its original quota, and probably every township has gone right up to, or exceeded the 50 per cent increase, included in the goal.

Jefferson and Monroe townships apparently will have the honor of first and second in the amount contributed above their goal. Definite returns have not yet been received from all of the townships, but the voting precinct of Northeast Jefferson township which had an original quota of $460.00, which made its goal, including 50 per cent increase, $690.00, subscribed to the regular War Work Fund $1,150.00, and something like $100.00 to the Victory Boys and Girls fund. Monroe township had an original quota of about $1,600.00 which made its goal covering the 50 per cent increase, about $2,400, and the last report from that township indicated that it would subscribe around or in excess of $3,000.00. This is about $600.00 more than the goal for Monroe township, so that the other voting precincts of Jefferson township will have to go considerably over their goal to go beyond Monroe township. The indications are that the other two precincts in Jefferson township will go considerably over and probably take the honor of first place away from Monroe township.

They are still confributing in Polk township. The township has gone beyond its goal of 50 per cent above the original quota. All of the soliciting teams in Polk township did splendid work, but the team composed of D. R. Baker and J. D. Montgomery is entitled to special mention and to first honors. This team is still raising money, and has already reported in excess of $1,500.00. The team composed of Gus Romasser, Ralph Eversole and C. C. Corwin also did splendid work.

Advice from state headquarters is to the effect that Nodaway county was the first to report having gone over its quota, and beyond its goal.

LATER: The south voting precinct of Jefferson township with an original quota of about $700.00 making a goal of $1,050.00, has just reported total subscriptions of about $1,450.00. This evidently makes it certain that Jefferson township will have the honor of first place.

Red Cross News From Nodaway Auxiliaries

MRS ARTHUR M. CROOKE
Phone, Hanamo 4364

(Note:—Please report or send all news of Red Cross Activities to the editor of this column)

It is announced from division headquarters at St. Louis that the final date for mailing Christmas parcels for soldiers and war workers over-seas has been extended from November 20 to November 30. In order to relieve the distress that has been occasioned by the slow arrival of Christmas Parcel labels from abroad, and the fear they would not come at all, the War department has arranged to supply the Red Cross with labels which the Red Cross will in turn issue to the public under certain conditions and restrictions. The person applying at Red Cross head quarters for such label will be required to make affidavit in writing of relationship to the man overseas, together with such other questions as may be asked. If satisfactory affidavit is made to officials in charge a carton and label will be issued which may be mailed.

Keep on collecting fruit pits and nut shells is the order from headquarters. There will be use for all that will be secured. The order calling for tin foil and platinum has been cancelled and no more is desired.

Don't forget the election Wednesday for members of the executive committee. Every member of the Red Cross should cast a ballot. The nominating committee has submitted a list of twenty-seven names, of which the seven receiving the largest number of votes will compose the committee. Ballots have been sent to all branches and Secretary M. J. Alderman advises that if there should not be enough ballots that those who do not receive a printed ballot can write their choice on blank paper and deposit it in the box, such votes being counted the same as if on a regular printed ballot.

The American Red Cross lends emergency aid wherever and whenever needed. Nothing that the Red Cross does should ever be construed as a reflection on any branch of the government. Our military, naval and industrial accomplishments during the past year have been tremendous. The medical and commissary departments of the army are safeguarding our men in every possible way. The Red Cross stands by ready to help in an emergency and the Red Cross help is accepted gladly. Let our service be continuous, but let us guard against boastful or over-zealous statements.

Mrs. Norman Chamberlain, chairman of surgical dressings in Polk township has sent out a call to all auxiliaries asking them to send in—not later than November 20—all material and finished or unfinished surgical dressings. Please try and get them in by that time if possible.

Attention, Auxiliaries: Let us not think of disbanding our auxiliaries as the work of surgical dressings is over as we will have sewing of every kind for everyone to do.

Report of Lorrain auxiliary since September 12: Nine meetings held with an average attendance of twelve; have completed the following: 225 4x4 wipes, 5 refugee garments, 4 5-yard rolls, 40 12x24 absorbent pads, 150 triangulars, 50 18x23 paper back pads, 16 sweaters, 14 pair socks, 5 helmets. This auxiliary is greatly hindered in its work for lack of space as it has only a small room in which to meet. In this time they have held a market window in which they cleared $46.50 and served lunch at two sales, clearing $151.21. This money is being used to pay for material to carry on its work.

Junior Red Cross Bazaar: Many of the schools have been so fortunate as to have reopened for work. To these, particularly, the chapter school committee speaks in this issue. Notwithstanding the recent epidemic the committee feels that the bazaar can be given and made a great success. It means, however, that each school now in session must be busy about it and utilize every bit of available time. At the approaching Thanksgiving season we can show our gratitude in no better way than by doing our bit to make the bazaar a success and thereby contribute something for the orphan children of the war stricken countries. Every teacher is asked to see that her school contributes to her nearest school auxiliary. The teachers who have not re-opened their schools can be getting ready with ideas and preparing models for their children to work from. The committee would like to hear from every teacher within the next two weeks as to progress and suggestions. The Maryville public schools and the demonstration school at the Normal are all working to be ready to rush the bazaar as soon as school re-opens. Committee: Bert Cooper, J. M. McDonald, Miss Beulah Brunner.

* "I BUILT IT," SAID T. R. *

When Mr. Wilson's war machine was building on the ways,
Republicans regarded it with words of stern dispraise.
"The joints are wobbly," Penrose said. "The wheels are square," said Root,
"The trolley's loose," said Murray Crane. "She'll never run," said Smoot.
"They ought to junk the thing," said Hays, "and build a brand new car."
"I can't approve of it," said Lodge. "It's rotten!" cried T. R.

When Mr. Wilson's war machine went rushing down the road
The G. O. P. lads gathered around to see the thing explode;
But when it kept along its course, amid the people's cheers,
They gathered monkey wrenches up and tossed them in the gears.
"It's slowing up a bit," said Hughes, "it can't go very far."
"I think," said Lodge, "It's going to be"——
"A flivver!" cried T. R.

When Mr. Wilson's war machine got working over there,
And presently the kaiser raised a moan of wild despair,
The G. O. P. came swarming up like bees from out a hive.
"I really think," said Mr. Lodge, "they ought to let us drive."
"Because of us," said Root and Smoot, "it runs with a jar;
We taught him how to make it go."
"I built it!" cried T. R.

'FLU' WORSE THAN BULLETS

Death Toll From Epidemic at Home Is Greater Than Battle Casualties Says Census Bureau.

Washington, Nov. 18.—The recent epidemic of influenza in the United States caused more deaths than occurred among the American Expeditionary Forces from all causes from the time the first unit landed in France until hostilities ceased.

That announcement by the census bureau is based on unofficial estimates of the total casualties among the overseas forces and reports from forty-six cities having a combined population of 23 million which showed 82,306 deaths from influenza and pneumonia from September 9 to November 9.

Normally those cities would have had 4,000 deaths from those causes during that period, it was said, leaving approximately 78,000 as the number properly chargeable to the epidemic.

"The total casualties in the American Expeditionary Forces," said the announcement, "have recently been unofficially estimated at 100,000. On the basis of the number thus far reported it may be assumed that the deaths from all causes, including disease and accidents, probably are less than 45 per cent, and may not be more than 40 per cent of the total casualties. On this assumption the loss of life in the American Expeditionary Forces to date is about 40,000 to 45,000."

The total of deaths due to the influenza epidemic in this country is not known, the announcement said, "as only the forty-six cities for which figures were given report vital statistics to the census bureau.

WORKING ON FOOD PLAN

A Week of Saving to Be Announced by the Missouri State Council of Defense.

Jefferson City, Mo., Nov. 18.—At the meeting of county chairmen of the food conservation movement and one of the women's organization of the same nature here next Friday, plans will be announced for the observation of the Missouri conservation week for world relief, the state council of defense has announced.

Herbert Hoover, leaving for Europe to make a world food survey, and by reason of the recent developments in the war situation, the food responsibility of America is greater than ever, it is pointed out. Food must be supplied to all Allies, neutrals and the Central empires, so the United States Food Administration is putting forward the proposed conservation week. December 1 will be conservation Sunday. In connection with the proposed food drive, Frank M. Robinson, secretary of the Missouri Council of Defense, sent a telegram to Grosvenor B. Clarkson, director of the field division, Council of National Defense, as follows:

Many requests are reaching us that men of agricultural experience now in military service should be mustered out at earliest possible date in order they may return to farms and increase every phase of food production. If in your judgment the suggestion is a good one, please take it up with proper officials to help care for very grave food shortage.

HUSBAND SAVES WIFE

From Suffering by Getting Her Lydia E. Pinkham's Vegetable Compound.

Pittsburgh, Pa.—"For many months I was not able to do my work owing to a weakness which caused backache and headaches. A friend called my attention to one of your newspaper advertisements and immediately my husband bought three bottles of Lydia E. Pinkham's Vegetable Compound for me. After taking two bottles I felt fine and my troubles caused by that weakness are a thing of the past. All women who suffer as I did should try Lydia E. Pinkham's Vegetable Compound."—Mrs. JAS. ROHRBERG, 620 Knapp St., N. S., Pittsburgh, Pa.

Women who suffer from any form of weakness, as indicated by displacements, inflammation, ulceration, irregularities, backache, headaches, nervousness or "the blues," should accept Mrs. Rohrberg's suggestion and give Lydia E. Pinkham's Vegetable Compound a thorough trial.

For over forty years it has been correcting such ailments. If you have mysterious complications write for advice to Lydia E. Pinkham Medicine Co., Lynn Mass.

STOPS ALL DRAFT WORK

District Boards Are Ordered to Wind Up Their Business.

Washington, Nov. 18.—Provost Marshal General Crowder ordered Saturday the discontinuance of all physical examinations of draft registrants and of all work by district draft boards on the classifications of registrants. The physical examinations have been given only to youths 18 years old, under orders issued upon cessation of hostilities.

District draft boards, General Crowder said, have been instructed to complete all records of cases before them which relate entirely to the granting of occupational exemptions or the consideration of appeals from local draft boards on dependency claims.

FOCH'S TEN COMMANDMENTS

Strikingly Different From Instructions Given by Hun Leaders.

General Foch some time ago issued ten commandments for the soldiers of France and her allies.

Two of them read as follows:

Tell the truth squarely, face the music, and take your punishment like a man; for a good soldier does not lie; he doesn't skulk; he is no squealer.

Be merciful to the women of your foe and shame them not, for you are a man; pity and shield the children in your captured territory, for you were once a helpless child.

These commandments were widely distributed and at this time they are passing the rounds of the country and are being posted at some of the cantonments.

What a striking difference there is in the teachings of Foch to his armies and those of Germany to hers.

"Show no mercy." "France must be completely crushed." Such were the instructions given by the Hun commanders and the Germans stand today convicted by every righteous law of God and man as murderers, looters, outragers of innocent women and torturers of smiling children.

Peace without humiliation to Germany would be a deeper stain upon the honor and soul of America than Germany's brutal crimes stain its alleged newly discovered soul.

Germany has broken the commandments and she must answer for her crimes.

Mrs. D. M. Hughes will return to- called by the serious illness of her night from Salina, Kan., where she was sister, who is now improving.

Mannish Clothes Must Go When the Boys Come Home.

There is to be nothing but fussy frills and feminine frivolities in women's clothes in future. All those semi-military little affairs, cute little garrison caps, smart khaki puttees and war like looking uniforms will be decidedly passe. The boys are tired of everything military and if the girls want to have their chic American style eclipse all memory of French girls they must be truly feminine.

Besides the Fifth Avenue modistes decree thusly. So the great national question is settled. As one modiste puts it:

"Not only will military styles become passe, according to the designers, but all mannish fashions will be abandoned in favor of things typically feminine.

This will have a psychological effect on women's work.

"The women must clothe themselves in lovely gowns and lingerie so they may feel a new impetus to take up the womanly tasks they temporarily laid aside to help the men win the war."

Club Meeting Postponed Indefinitely.

The regular meeting of the Tourist Department of the Twentieth Century club, set for tomorrow afternoon at the home of Mrs. W. A. Rickenbrode, has been postponed indefinitely.

Miss Yehle Gives Dinner.

Miss Katherine Yehle entertained guests with a dinner yesterday noon at the Yehle home on South Prairie street. Plates were laid for Mrs. J. Yehle, Miss Anna Blatter, Miss Mary Gram, John Blatter of Chicago, Eugene Yehle, Miss Theresa Yehle and the hostess.

Gives Tea for Miss Hoffman.

Mrs. L. E. Dean entertained guests at a seven o'clock tea last night as a farewell pleasure for her daughter, Miss Dale Hoffman, who left on the late train by the way of St. Louis for Washington, D. C. The guests were Miss Eleanor Smith, Miss Marjorie Willey, Miss Olive De Luce, Miss Geneva Willfley and Miss Ora Barmann. Miss Hoffman will go into civil service employment at Washington.

Mr. and Mrs. Palmer Entertain at Dinner.

Mr. and Mrs. James Palmer gave a dinner yesterday at their country home south of the city, at which they entertained Mr. and Mrs. M. A. Nicholas and family, Welbe, Robert, Miss Mildred, Laura and Virginia Nicholas. Mr. Nicholas has sold his farm south of Maryville and the family will move into the city in a few weeks and make their home here until they have decided on a permanent residence.

Lynchers Storm Jail—5 Dead.

Winston Salem, N. C., Nov. 18.—Miss Rachael Levi, 17, and Robert Young, fireman and three negroes are known to be dead this morning and ten were seriously injured following storming of the jail late yesterday here in efforts to obtain and lynch a negro prisoner accused of attacking women and shooting two men.

The home guards were called out and were overpowered by the mob, who swarmed into the jail. The soldiers from Camp Greene finally ejected them. They failed to find the negro they sought.

Former Maryville Folks.

Evangelist E. C. Kircher, son of a former pastor of the Presbyterian church here, together with his wife, is holding a series of meetings at Horton, Kan., according to the Horton Headlight-Commercial, a copy of which has been received. In the same issue mention is also made of W. H. Crawford, a former Maryville attorney who is now practicing at Horton. Says the Horton paper "Lawyer Crawford has had splendid success since coming to Horton three years ago and has never lost a case in district court."

Charged With Assault.

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute.

Dr. Edwards' Olive Tablets—the substitute for calomel — are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts to banish it brought out these little olive-colored tablets.

These pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel, but to let Dr. Edwards' Olive Tablets take its place.

Most headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "loggy" and "heavy." Note how they "clear" clouded brain and how they "perk up" the spirits. 10c and 25c a box. All druggists.

PASTOR OE WESLEY MEMOSIAL SPEAKS

Prominent Methodist Minister Restored to Health by Tanlac—Feels It a Duty to Recommend It.

Rev. W. C. Norton of Perry, Florida, for several years pastor of Wesley Memorial church of Jacksonville, Florida ,adds his testimony to the thousands of other statements from prominent men, regarding the benefits derived from Tanlac. Rev. Morton said:

"Tanlac has simply restored my health and I feel it my duty to recommend it as a medicine of exceptional merit.

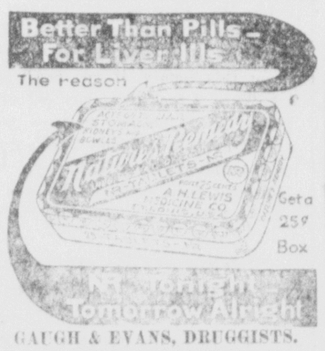

"I suffered from indigestion for eight or ten years. I had intense pain from gas accumulation in my stomach. At times I would grow dizzy and would have severe headaches. I seldom slept well at night, and had to be extremely careful about my diet.

"The benefit I have derived from Tanlac is nothing short of wonderful. I became interested in it through friends of mine who had tried it and started taking it myself. I really feel as well now as I ever felt in my life. I sleep splendidly at night, can just eat anything I want, the indigestion has disappeared and my health is better in every way."

Tanlac is sold in Maryville by the Koch Pharmacy and A. M. Colly, Conception Junction. Adv.

Public Notice

To any person that wants to make more money, come to Wyoming and buy you a farm where the crop in one year will pay for the land and where one acre put in potatoes will pay for five acres at the present price; where you and your family will be healthy and you are sure to prosper if you work and try like you have to in Missouri. Now I know what I am saying, as I lived here in good old Missouri for 18 years and always tried hard to get us a home, but when I left here three years ago I owed over $1,600.00 of debts here that I could not pay, but have paid them since I went to Wyoming. I am only telling you this to encourage you to come. We have good schools good churches, good water and climate, and as good people as you can find anywhere. I have land I can sell from $15.00 per acre up to $50.00 per acre. Close to two good railroads. Have got a 2,400 acre ranch at $25.00 per acre that is sure a bargain.

Now the first reason I want you to come to Wyoming is, because if you come and buy a farm I get a small commission out of it, but that is not the best reason. I know I will be doing you a favor and know you will always be glad you come. Now, in case some stranger to me should read this ad. I will give you as reference some of the best men in Nodaway County or any other county. In Parnell, James Barber, W. N. Morgan, C. C. Evans, A. J. Roof, Bill Jackson; Ravenwood, Mo., S. E. Wells, and V. O. Hunt; Barnard, Mo., George Cole, banker; Gaynor City, Mo., Charlie Lewis; Sheridan, Mo., C. C. Hall; Hopkins, Mo., Albert Mutti; Maryville, Mo., Nathaniel Sisson, U. S. Wright, Henry Wright, James Robinson. For any information about this county, if you can't see me when I am here, write me at Carpenter, Wyo. I took three men out with me two weeks ago and sold all three a farm. Would be glad to have you talk to any of these men: Cecil Talkington of Parnell or Elmer Talkington and Pete Mumford of Bedford, Iowa. We raise corn, wheat, oats, barley, rye, speltz, flax, millet, cane and potatoes, alfalfa and good gardens. Poultry of all kinds do well. Stock of all kinds do well, especially hogs, as hog cholera is unknown.

The only way you can realize what a good county we have is to come and see it. For further information, write—

HEALTH TALKS

SPANISH INFLUENZA OR GRIP.

By Dr. Lee H. Smith.

An old enemy is with us again, and whether we fight a German or a germ, we must put up a good fight, and not be afraid. The influenza runs a very brief course when the patient is careful and if we keep the system in good condition and throw off the poisons which tend to accumulate within our bodies, we can escape the disease. Remember these three C's—a clean mouth, a clean skin, and clean bowels. To carry off poisons from the system and keep the bowels loose, daily doses of a pleasant laxative should be taken. Such a one is made of May apple, leaves of aloe, root of jalap, and called Dr. Pierce's Pleasant Pellets. Hot lemonade should be used freely if attacked by a cold, and the patient should be put to bed after a hot mustard foot-bath.

To prevent the attack of bronchitis or pneumonia and to control the pain, Anuric tablets should be obtained at the drug store, and one given every two hours, with lemonade. The Anuric tablets were first discovered by Dr. Pierce, and, as they flush the bladder and cleanse the kidneys, they carry away much of the poisons and the uric acid.

It is important that broths, milk, buttermilk, ice cream and simple diet be given regularly to strengthen the system and increase the vital resistance. The fever is diminished by the use of the Anuric tablets, but in addition, the forehead, arms and hands may be bathed with water (tepid) in which a tablespoonful of salaratus has been dissolved in a quart. After an attack of grip or pneumonia to build up and strengthen the system, obtain at the drug store a good iron tonic, called "Irontic" Tablets, or that well known herbal tonic, Dr. Pierce's Golden Medical Discovery. —Adv.
